

Youth Development Program Volunteer

Hernández After School Program, Roxbury, MA

Hours/Volunteer Capacity

Part Time: 2:30-6:00PM M-F (Hours/Days are flexible)

Description

The After School Program at the Rafael Hernández Two-Way Bilingual School provides enrichment and academic opportunities for children in grades K1 through 8th grade throughout the school year. It provides a safe, nurturing, and productive place for children to learn and grow. The program partners with parents, school day staff, outside organizations and community members, to inspire and support our students. We're also committed to supporting the mission of the school to use Spanish and English languages as constructive tools of learning.

Do you want to learn more about working with youth and building positive relationships with our future leaders? As an Intern in the After School program, you would have the opportunity to work with young people alongside of our staff assisting daily operations of our program. Some examples of our program include general homework assistance, yoga, drumming, robotics, and running club. In fact, if interested, you can work with the Director in creating a mini engineering program (or another area of interest) for several of our students!

Responsibilities

- Assist with After School Programming
- Assist in ensuring the safety and engagement of young people between ages 5 and 14 who attend program activities
- Provide support with homework and encourage academic progress
- Maintain professional attitude and appearance
- Treat children with dignity and respect at all times
- Attend to additional Responsibilities/tasks given by the Coordinator/Director
- If Intern is interested, teach/co-teach an engineering program to students

Qualifications

- Desire to work hard and show initiative
- Ability to act as a role model to youth
- Prefer some previous experience working with young people
- Prefer fluency in English and Spanish, but not required
